MOTORIZED TRAVERSE SYSTEMS

MOTORIZED TRAVERSE

Smart Home Collection Traverse Systems combine style and function with smart design solutions for both residential and commercial environments.

The slim drapery motor is designed to install seamlessly behind the drapery panel with quiet start / stop operation, the ability to easily charge without having to remove the motor and up to 500 open and close cycles per charge, providing the ultimate integrated functionality without compromising the look of your window treatment.

Available with 1 3/8" or 2" diameter fascia profiles.

Choose from any of our 5 quick ship finishes below.

SMART HOME COLLECTION

The Smart Home Collection Hub and App integration allow draperies to be controlled directly from a smartphone or integrated device while at home or away. Now available in the Apple® App store or Google Play™.

As an alternative, remotes and wall switches allow for individual, group and all control for a customized solution with 5 or 15 channel options, including the PushPRO with smart home features.

See page 7.

QUICK SHIP FINISHES

Quick ship orders will ship the same day if ordered by 3 PM EST. Please allow a 5 day lead time on manual traverse system orders and a 10 - 15 day lead time on Smart Home Collection motorized traverse system orders.

CONNECTED HOME

We've partnered with Rollease Acmeda, a leader in smart home technology, to offer unparalleled convenience in controlling your draperies, all at the touch of a button.

IT'S AS EASY AS

Our Smart Home Collection Decorative Drapery Hardware Traverse Systems are easy to install, easy to afford and use the latest integrated wireless technology. You can use the Smart Home Collection remote, app, Alexa or Google Home to control your draperies and window coverings. Motorization helps keep your draperies safe by eliminating cords and allows you to experience a new level of privacy when integrating Smart Home Collection drapery and window covering solutions.

BELLAMY FINIAL

FEATURES

2-Way RF Communication
Integrated radio frequency control allows for easy programming of individual, group or all control across window treatments.

Adjustable Speed
Choose from three options to customize the open / close speed of the drapery treatment.

Preferred Open / Close Limit Settings
Electronic "autoset" limits accurately program preferred open and close limit settings.

Favorite Position
Allows a most used or favorite position to be set between open and close limit settings.

Obstruction Detection
If the drapery motion is obstructed while the motor is running, the motor stops automatically to prevent damage.

Manual Override
Permits the drapery to be adjusted manually without the use of a remote or in the event of a power outage.

Quiet Operation
Powerful, smooth and quiet operation suitable for both residential and commercial environments.

SMART HOME CONTROLS

- Advanced home automation and motorized solutions from our Smart Home Collection puts unparalleled convenience and peace of mind at your fingertips.
- Easily connect your automated drapery to voice control systems using a Hub, taking drapery control to the next level.
