THE FINIAL COMPANY™

**SMART HOME
COLLECTION**
by BUDGET BLINDS®

smart home just got smarter

introducing new smart home assemble to order
decorative drapery hardware traverse systems

connected home

We've partnered with Rollease Acmeda, a leader in smart home technology, to offer unparalleled convenience in controlling your draperies, all at the touch of a button.

motorized solutions

Merging innovative technology and cutting-edge design to give you an array of features, motorized draperies and window coverings allow you to program and automate the opening and closing of your window treatments for enhanced energy efficiency, safety and privacy - with effortless convenience.

it's as easy as

Our Smart Home Collection Decorative Drapery Hardware Traverse Systems available through The Finial Company™ are easy to install, easy to afford and use the latest integrated wireless technology. You can use the Smart Home Collection remote, app, Alexa or Google Home to control your draperies and window coverings. Motorization helps keep your draperies safe by eliminating cords and allows you to experience a new level of privacy when integrating Smart Home Collection drapery and window covering solutions.

by BUDGET BLINDS®

1³/₈" motorized modern metal and metal traverse systems

motorized metal traverse **NEW**

Motorize 1³/₈" Modern Metal and Metal traverse systems, creating smart design solutions for both residential and commercial environments.

The slim line motor is designed to install seamlessly behind the drapery panel with quiet start / stop operation, the ability to easily charge without having to remove the motor and up to 500 open and close cycles per charge, providing the ultimate integrated functionality without compromising the look of your window treatment.

Coordinates with 1³/₈" Modern Metal and Metal Collection finials and finishes.

Choose from any of our 50 standard hand painted finishes located on page 34 or your own custom finish.

Smart Home controls

The Smart Home Collection Hub and App integration allow draperies to be controlled directly from a smartphone or integrated device while at home or away. Available in the Apple® App store or Google Play™.

As an alternative, remotes and wall switches allow for individual, group and all control for a customized solution with 5 or 15 channel options, including the PushPRO with smart home features.

motorized heavy duty traverse systems

motorized heavy duty traverse **NEW**

Motorized heavy duty traverse systems combine style and function with smart design solutions for both residential and commercial environments.

The slim line motor is designed to install seamlessly behind the drapery panel with quiet start / stop operation, the ability to easily charge without having to remove the motor and up to 500 open and close cycles per charge, providing the ultimate integrated functionality without compromising the look of your window treatment.

Available with 1 3/8", 1 7/8", 2", 2 1/4" and 3" diameter fascia profiles or without wood fascia.

Choose from any of our 50 standard hand painted finishes located on page 34 or your own custom finish.

Smart Home controls

The Smart Home Collection Hub and App integration allow draperies to be controlled directly from a smartphone or integrated device while at home or away. Available in the Apple® App store or Google Play™.

As an alternative, remotes and wall switches allow for individual, group and all control for a customized solution with 5 or 15 channel options, including the PushPRO with smart home features.

SMART HOME COLLECTION OR SOMFY® MOTORS

Smart Home Collection

Provide your clients with innovative window treatment solutions that fit their budget expectations with Smart Home Collection systems that offer unrivaled design, uncompromising quality and service, and intuitive control options at exceptional price points.

Featuring our Smart Home Collection Slim Line Motor

Smart Home Collection system features:

- max. drapery weight: 110 lbs. slim line motor
- track sold in 1 foot increments, 4' minimum
- maximum continuous length is 19'
- spliced lengths up to 36' with slim line motor
- 15 channel handheld remote with wall mount per system
- li-ion battery or 110v AC power transformer 10'
- optional solar power battery charger
- programmable Favorite Position
- app Smart Home Collection available on the Apple® App Store or Google Play™

Pair the SHC Hub and App with these systems (not sold by Rowley):

li-ion battery or 110v AC power transformer

Somfy® system features:

- max. drapery weight:
 - 99 lbs. Irismo™ 45 heavy duty motor
 - 77 lbs. Irismo™ 35 mini motor
 - 132 lbs. Glydea® ULTRA 60e RTS heavy duty motor
 - 77 lbs. Glydea® ULTRA 35e RTS standard motor
- track sold in 1 foot increments, 6' minimum
- maximum continuous length is 20'
- spliced lengths:
 - up to 33' with Irismo™ heavy duty motor
 - up to 32' with Irismo™ mini motor
 - up to 36' with Glydea® heavy duty motor
 - up to 32' with Glydea® standard motor
- 5-channel transmitter per system
- standard 10' cord; transformer is housed within the Glydea® ULTRA drapery motors
- programmable "My" Position
- curved tracks available with minimum 11.8" radius; curving fees apply
- iPhone app MyLink

Pair the MyLink App with these systems (not sold by Rowley):

motorized traverse

Somfy® motorized traverse

RIPPLEFOLD OR PINCH PLEAT

INCLUDED IN SYSTEM: SOMFY® MOTORIZED TRAVERSE TRACK WITH MOTOR AND REMOTE

Somfy motorized track

- track sold in 1 foot increments, 6' minimum
- maximum continuous length is 20'; spliced lengths up to 36'
- includes one motor, standard remote control 5-channel transmitter per track, and fascia with fascia clips when applicable
- available in white or bronze; track finish will complement fascia finish
- end drive gears available in white
- may be ordered with or without The Finial Company™ fascia options
- curved tracks available with minimum 11.8" radius; curving fees apply

Somfy Situo®/Telis standard remote control transmitter

(multi-channel handheld remote)

- 5¼"H x 1⅝"W
- 1 remote control per track
- 5 channels
- programmable My Position to set your favorite drapery position
- available in white

Somfy Irismo™ 45 motor NEW

- heavy duty motor, 1 per track
- maximum drapery weight for motor: 99 lbs
- maximum length for motor: 33'
- 26.5v Li-ion Battery Power
- motor can be mounted on right or left for center draw, or top mounted
- return hooks/snaps included; available in white
- available in white
- 5 year warranty

Somfy Irismo™ 35 Mini motor NEW

- mini motor, 1 per track
- maximum drapery weight for mini motor: 77 lbs
- maximum length for mini motor: 32'
- 24v DC Power Supply cord with plug: 158.4" cord length
- motor can be mounted on right or left for center draw, or top mounted
- return hooks/snaps included; available in white
- available in white
- 5 year warranty

Somfy Glydea® ULTRA 60e RTS motor

- heavy duty motor, 1 per track
- maximum drapery weight for heavy duty motor: 132 lbs
- maximum length for heavy duty motor: 36'
- 110v Power Supply cord with plug: 120" cord length
- motor can be mounted on right or left for center draw, or top mounted; may also be hardwired
- return hooks/snaps included; available in white
- available in brushed aluminum
- 5 year warranty (warranty voided if hardwired)

Somfy Glydea® ULTRA 35e RTS motor

- light duty motor; 1 per track
- maximum drapery weight for light duty motor: 77 lbs
- maximum length for light duty motor: 32'
- 110v Power Supply cord with plug: 120" cord length
- motor can be mounted on right or left for center draw, or top mounted; may also be hardwired
- return hooks/snaps included; available in white
- available in brushed aluminum
- 5 year warranty (warranty voided if hardwired)

- *power options included

Based on your specified finish we supply track and brackets that best match the finish on your fascia. Please refer to the Finish Reference Guide to the right. If you order a custom match finish, please specify your track color.

Components are included in the per foot track price, as listed in the Retail Cost Guide. Components will match the track color when applicable.

Standard glides are 4 per foot. Standard brackets are 2 end brackets with 1 support bracket for every 3-4 feet of track.

Wood pole profiles available in 1 7/8", 2", 2 1/4" and 3" diameters can be used as fascia.

Spliced fascia will be cut at a 45° angle for an obscure splice upon request.

Spliced fascia can be blended for an additional fee (see Retail Cost Guide). Blended fascia will be properly connected and shipped in one continuous length.

PRICING AND TERMS

Prices found in The Finial Company Retail Price List are our suggested retail prices. Prices are effective July 1, 2025 and subject to change without notice. Due to the U.S. government's current policy on tariffs, all products are subject to a tariff surcharge. Effective July 1, 2025, the following adjustments will take effect: Due to the more complex retail list pricing for Drapery Hardware products, list prices will be raised 6% to offset the significant cost impact of the new tariffs. The existing 10% surcharge on Drapery Hardware products (in place since 2019) will remain. In addition, due to rising shipping costs the rates in our Flat Rate Shipping Program will increase by 10%, effective July 1, 2025. Prices are quoted exclusive of freight and packaging. The buyer should always inspect the product upon receipt. Effective January 1, 2023, a \$6 transaction/handling fee is added to all Rowley products.

IMPORTANT: Please note that your order will be placed with an authorized Finial Company Distributor. While most of the following will generally apply, your distributor may have terms and conditions of sales that will vary from what is stated here.

Estimated Lead Times: Purchase orders are processed once they are received by The Finial Company. Incomplete information will delay processing and shipping. Metal baton draw traverse systems will ship within 5 days of order confirmation. All other traverse systems will ship within 10-15 days of order confirmation.

Shipping (NET Fees): Lengths over 8' will ship truck and incur an oversized fee. Splicing options for overlength sizes and alternative freight quotes available. Call to get the best shipping rate to your location. Expedited shipments are not available in all areas. Any additional charges for expedited shipments will be in addition to the published net fees. All orders are F.O.B. Dallas, TX.

Orders to Budget Blinds franchisees within the continental United States will incur a freight charge of \$12.70 for orders under \$25.00; orders over \$25.00 will be charged for freight at 16% of the value of the order. Orders shipped to Canadian franchisees will incur a \$12.70 charge for orders under \$25.00 and will be charged for freight at 20% of the value of the order to include duties and broker fees. Orders that contain a Li-ion battery will be charged a \$25.00 shipping surcharge.

The following orders will be subject to actual freight costs:

- shipments going to Alaska, Hawaii, Idaho, Montana, Wyoming, Puerto Rico or any international destination.
- orders that exceed a \$2,500 SRP

Packaging Fees (NET Fees): A packaging fee of \$33.35 per order will apply to any order that has a pole. A packaging fee of \$33.35 will apply to any order with a traverse rod less than 16 feet. The packaging fee

increases to \$83.35 for all orders with arched rods; bay windows; rods with returns; motorized traverse track; or poles, rods and corded traversing track 16 feet or longer.

RETURNS, CHANGES & CANCELLATIONS

All orders are considered "custom". No changes or cancellations will be accepted later than 24 hours after order is confirmed. All returns must be authorized by The Finial Company customer service department, and are authorized at our discretion, given the circumstances and nature of each custom order.

DAMAGED GOODS

Immediately upon receipt, your order should be inspected to ensure that there is no concealed damage from shipping. Claims on damaged merchandise must be made within 15 days of receipt. No claims after 15 days will be accepted. If your order is damaged in shipping, carriers require that all packing materials be kept in order for a representative to inspect the goods. Our policy is that we replace damaged product per the original order.

Please note on the bill of lading if there is any possibility of concealed damaged. If shipping through a 3rd party, distributor is responsible for claiming damages and the remakes will be at charge.

PRODUCT INFORMATION

Manual Traverse Tracks: Manual traverse tracks are sold in 2 foot increments with a 4 foot minimum. We will cut to your specification, but we do not save or ship the fall off.

Motorized Traverse Tracks: Motorized traverse tracks are sold in 2 foot increments with a 4 foot minimum. We will cut to your specification, but we do not save or ship the fall off.

Warranty: 5 year warranty on Smart Home Collection Slim Line Drapery Motor, Somfy Glydea® ULTRA motors and Somfy Irisimo™ motors.

Support Brackets: The recommended number of brackets are included on traverse orders. Additional brackets can be purchased for heavier weight draperies and/or corner or bay window installations.

Installation: Mollie bolts and nail anchors are recommended for all installations, but are not included. We strongly recommend using a professional installer for our hardware.

Force Majeure: The Finial Company is not liable for any performance failure that arises from any cause not within its control.
