

The Artisan collection features unique glass, wood, stone and metal finial combinations that were designed to evoke the essence of one-of-a-kind artisanal details that will elevate your customized window treatments to the level of high design.

marble / stone

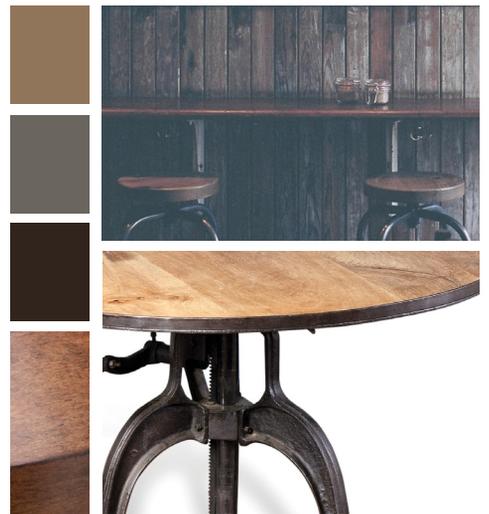

Crafted with polished stone that offers a neutral, earthy elegance combined with the dynamic texture of marble creating high-impact design in any space.

wood / metal

Exceptionally sophisticated wood and metal combinations designed with clean lines and sculptural shapes evoking a mid-century aesthetic.

striated / layers

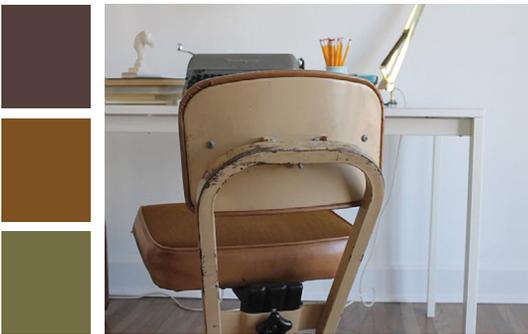

Design on an intimate scale, the Abstract Striated Ball is cast in resin then painted by hand creating textural contrast that adds layers of style.

glass / metal

Illuminate the room with glass drapery hardware designs that evoke a vintage luster to highlight and transform your custom window treatments.

forged / rustic

The distressed design of the Forged Rustic Ball is crafted in resin and hand-painted by artisans replicating a natural rustic texture and the patina of age.
