

WHEN YOU'RE IN YOUR *element*
IT JUST FEELS RIGHT.

Choose Your Style

CELLULAR

- Soft to the touch
Spunlace fabrics
- Over 90 designer colors in neutral tones and bold hues
- Stylish, color coordinated headrails and bottom rails
- Light filtering and room darkening fabrics gently diffuse and block light
- Energy efficient ¾" D cell construction
- Cordless, cordless top down/ bottom up and motorized

TWINLIGHT SHADES

- Unique, fashion-forward design
- Distinctive alternating color and sheer fabric bands
- Band height options: 3" and 4"
- Narrow cassette design maximizes the view
- Clutch control and motorized

DECORATIVE TEXTILE FILM

- Easy to install
- Stylish self-adhesive film available in sheer and semi-opaque textiles
- Transform your hard to cover specialty shaped windows, doors and side panels
- Flexible and versatile, can be applied to any type of window

The Elements® Shade Collection is inspired by the restorative power of nature and designed to create a feeling of calm and comfort to enhance your lifestyle and the style of your home.

ROLLER AND SOLAR SHADES

- Clean, minimal design perfect for any room
- Designer fabrics in light filtering and blackout options
- Solar shades in 1%, 3% & 5% openness factor
- Solar shades are compliant with Massachusetts Law
- Stylish cassette, fascia and Deco valance options
- Clutch control, cordless lift control and motorized

Motorization

Shade control with the push of a button! Battery powered motor uses a rechargeable battery. DC optional controls connect to power, no need to recharge. Control a single shade or group of shades with one remote. Take shade control to the next level using the R-TEC Automation Hub and App.

MOTORIZATION IS AVAILABLE ON CELLULAR, ROLLER/SOLAR AND TWINLIGHT SHADES

Roller Shades

Options and Operating Systems

CORDLESS LIFT SYSTEM

Shade raises smoothly and stops automatically at the top of the window with a gentle tug and release of the hem.

MOTORIZATION

A simple press of a button will raise and lower your shades providing the perfect solution for hard-to-reach windows. Control shades individually or as a group.

CLUTCH CONTROL

The continuous control loop offers precise shade positioning while the control remains the same length. Cord is covered with safety shroud.

DUAL SHADE

Mount two shades in one opening to create versatile light control and privacy levels for any room.

STANDARD ROLL (LEFT) REVERSE ROLL (RIGHT)

On standard roll, the material comes off the back of the roller. On reverse roll, the fabric comes off the front of the roller.

Standard roll is recommended for most applications.

PLAIN HEM

Aluminum slat heat-sealed into hem pocket

SIDE CHANNELS

- Enhance light blocking.
- Provide complete light control, improve insulation, and reduce noise.
- Sleek finish.
- Available in five colors to suit any space.

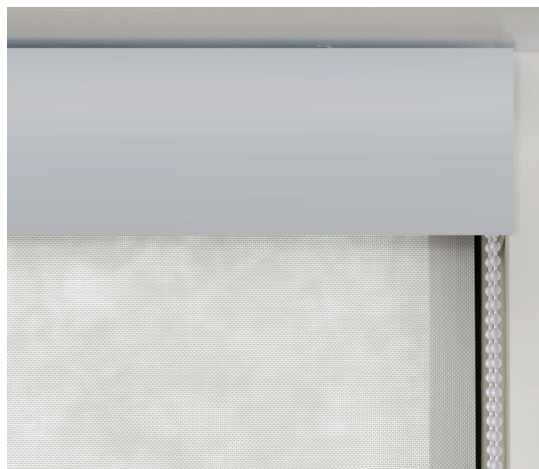

PRIVACY STRIPS

- A L-shaped channel attaches with tape or self-tapping screws to your window frame to cover light gaps. Works best with Blackout Cellular or Roller Shades.
- Available in 5 colors to match your window: White, Ivory, Black, Aluminum, Bronze.
- Size: 1 1/2" x 3"; Requires 1" mounting space.
- Maximum length 108"
- Mount behind the shade material.

Roller Shades

Design Options

Twinlight Shades

Options and Operating System

MOTORIZATION

A simple press of a button will raise and lower your shades providing the perfect solution for hard-to-reach windows. Control shades individually or as a group.

CLUTCH CONTROL

The continuous control loop offers precise shade positioning while the control remains the same length. Cord is covered with safety shroud.

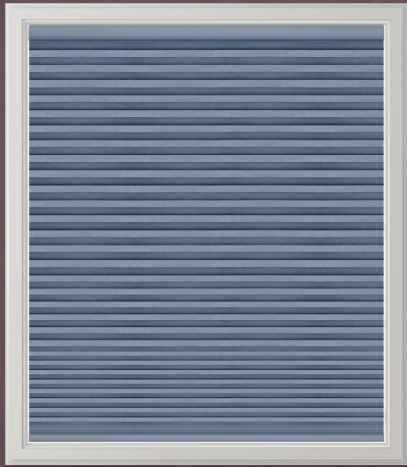

Decorative Textile Film

SELF-ADHESIVE

Easy to install. Can be used on all types of windows, regardless of type, shape or size. Sheer and semi-opaque textile film options.

Cellular Shades

Options and Operating System

CORDLESS LIFT SYSTEM

Lift and lower the shade by slowly raising or lowering the bottomrail.

TOP DOWN / BOTTOM UP CORDLESS

Top Down feature lets you lower the top of the shade while Bottom Up allows the shade to be raised from the bottom at the same time.

MOTORIZATION

Shade control with the push of a button! Battery powered motor uses a rechargeable battery. Control a single shade or a group of shades with one remote.

ADDITIONAL OPTIONS

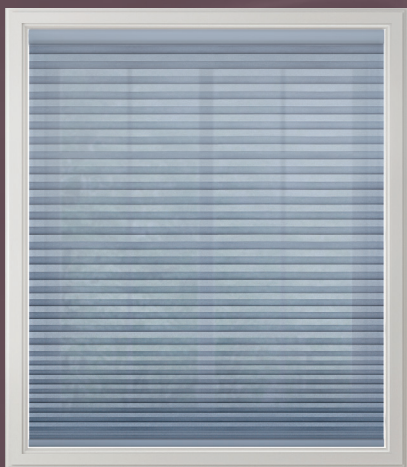

TWO-ON-ONE HEADRAIL

Two separate shades on one continuous headrail that operate independently of each other.

SPECIALTY SHAPES

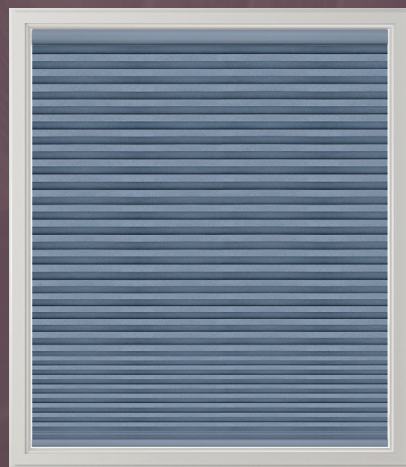

Various arch shapes available on most cellular fabrics.

Shade Opacity Guide

LIGHT FILTERING

Softly diffuse sunlight yet provide a moderate degree of privacy as only shadows will be discernible.

ROOM DARKENING/ BLACKOUT

Complete privacy and light control while blocking harmful UV rays. Create that cozy space you desire for bedrooms or media rooms.

How to Measure

MEASURE WIDTH

Measure the width of the opening at the top, middle and bottom of the window. Order the longest measurement.

MEASURE HEIGHT

Measure the left, center, and right side of the window opening. Order the longest measurement.
